Miscellaneous Submission Rubric

This rubric is a guide for providing rationale for how your miscellaneous criterion connects to the Core Value category for which it is submitted. Organizations may submit special events and programs that do not fall under any of the criterion listed in each category. The miscellaneous criteria should be something that sets your organization apart from others, something in which your organization takes pride and would like to showcase. Organizations may not use the same event or program to receive multiple criteria points in the same category or separate categories.

Available Points
An organization may submit multiple miscellaneous criteria per Core Value category but a max of two (2) of those criteria will be considered. The total number of points that can be awarded for miscellaneous submissions per Core Value category is two (2).
- If one submission is accepted, it will be worth one (1) point or two (2) points
- If two submissions are accepted, each will be worth one (1) point

If you are considering submitting miscellaneous criteria, you are encouraged to schedule a consultation with Student Activities to discuss your submission and/or submit the criteria by 5:00 p.m. CST February 21, 2018 to allow Student Activities time to review the submission and give feedback if resubmission is needed. No opportunities for resubmission will be offered after the deadline. The final deadline for miscellaneous submissions is 11:59 p.m. CST on February 28, 2019.

If you have any questions, contact Student Activities at awards@austin.utexas.edu

**Discription of Criteria**
- Meets Criteria AND has over 75% member participation. Required multiple detailed steps for completion (trainings, consultations, etc.)
- Criteria is detailed. Provides name of program, general overview, purpose, goals. Provides data on program achievement and impact.
- Criteria has few or no details.

**Rationale & Making Connections**
- Meets Criteria AND successfully connects, learning outcomes, criteria and Core Value.
- Connection between criteria and Core Value category are clearly articulated. Adequely reflects on criteria, impact and connection to the Core Value category.
- Connection between criteria and Core Value category is vague, unclear or not provided; or clearly fits in a different category.
