### 2017 Election Supervisory Board Complaint Dismissal 2017-003

03/09/17

Dear Robert David:

The Election Supervisory Board has reviewed your complaint, and we are writing to inform you that we have made the determination to dismiss based on the following:

Title II, Chapter 4, Section 4.2

“DISMISSAL OF COMPLAINT: The Election Supervisory Board may dismiss a complaint if:

- a. The complaint was not filed within a reasonable amount of time; or,
- b. **The complaint fails to state a cause of action of which relief may be granted;** or,
- c. The filing of the complaint violates a provision of TITLE II, Section 4.1.

The nature of your complaint states that on the evening of Wednesday 03/08/17, Micky Wolf was going student-to-student on the fifth floor of the PCL, asking for support while holding a cardboard cutout of Alejandrina Guzman. However, it has been determined by the Election Supervisory Board that because the fifth floor of the PCL is a collaborative study area, and therefore not a quiet study area, that there is no violation of the common code.

Therefore, the Election Supervisory Board is dismissing your complaint on the ground that talking to students in a collaborative study area is not a violation of the common code.

### 2017 Election Supervisory Board Complaint Dismissal 2017-002

03/08/17

Dear Ian and Karishma:

The Election Supervisory Board has reviewed your complaint, and we are writing to inform you that we have made the determination to dismiss based on the following:

Title II, Chapter 4, Section 4.2

“DISMISSAL OF COMPLAINT: The Election Supervisory Board may dismiss a complaint if:

- a. The complaint was not filed within a reasonable amount of time; or,
- b. **The complaint fails to state a cause of action of which relief may be granted;** or,
- c. The filing of the complaint violates a provision of TITLE II, Section 4.1.

The nature of your complaint states that Paul Mannie used a printer located in a locked office designated only for use for Campus Events + Entertainment to print flyers and campaign materials for the Carter-O’Connell campaign. Furthermore, the complaint states concern as to whether the materials would have been declared on a financial disclosure. However, it has been determined by the Election Supervisory Board that there were no explicit restrictions on this printer and that it is open to use by students, and that the materials will be disclosed on the next financial disclosure, due 4:30pm on Thursday 3/9/17, and therefore, there is no violation of the common code.

Therefore, the Election Supervisory Board is dismissing your complaint on the ground that printing from the E+E printer and waiting until the next financial disclosure to report material costs is not a violation of the common code.

**Description of complaint:** I am an independent student (with no ties to any of the student body presidential campaigns), but I read the article in the Daily Texan and I'm outraged by the violations of the 2016 SG Election Code committed by the Isaiah Carter and Sydney O'Connell presidential campaign. At least 16 students (who did not personally know the sender) received emails on January 23rd, asking them to join the Carter-O'Connell campaign three weeks before the campaign period started on February 15th. Carter admitted to rule-breaking and abusing his position as SG Chief of Staff by using the Student Government database. He told the "Daily Texan" that his campaign email was sent to roughly 200 of the 1,000 students in the database. This is a clear violation of the Election Code and it is time to stop tolerating rule-breaking in our student body elections. Witness: Ida Hishmeh (Business freshman), one of the recipients of the email.

**Description of complaint:** I personally received an email from Isaiah Carter and Sydney campaign about joining their campaign in late January 2017. I had never met him or her, or anyone on his campaign team before, nor had I expressed any interest in joining their campaign. I applied to be an LLA and expressed interest in student government at the beginning of last semester. I am assuming that is how they got my email from one of those rosters, which Isaiah had access to with his position on SG — that is an abuse of power and an unfair advantage over the other campaigns. This email that was sent to me is only one instance of early campaigning, which is a violation of the election code. I want a fair election and I believe this violates it. Please deeply consider the unfairness of this complaint. Thank you for your time. Sincerely, Jessica Dorsey

### 2017 Election Supervisory Board Complaint Dismissal 2017-001

02/17/17

Dear Evan Weiss:

The Election Supervisory Board has reviewed your complaint, and we are writing to inform you that we have made the determination to dismiss based on the following:

Title II, Chapter 4, Section 4.2

“DISMISSAL OF COMPLAINT: The Election Supervisory Board may dismiss a complaint if:

- a. The complaint was not filed within a reasonable amount of time; or,
- b. **The complaint fails to state a cause of action of which relief may be granted;** or,
- c. The filing of the complaint violates a provision of TITLE II, Section 4.1.

The nature of your complaint states that a candidate posted in the official, faculty-ran, class of 2020 Facebook page to promote their campaign. However, it has been determined by the Election Supervisory Board that because the candidate is a member of that Facebook group – it is a group and not a page, as stated in the complaint – and the moderators of the group have allowed the post, that the candidate is not in violation of the common code.

The Election Supervisory Board is charged with ensuring a fair election process. Anyone can post in a Facebook group that they are a member of and members of these groups are consenting to receiving content that is publicly posted, and allowed by moderators to remain, in the group.

## 2017 Complaints/Dismissals/Hearings

Therefore, the Election Supervisory Board is dismissing your complaint on the ground that posting in a Facebook group that the candidate is a member of is not a violation of the common code.

Sincerely,
